

Madron Parish Council
Neighbourhood Development Plan
Start Up Meeting!

When! **Thursday 11th July 2019 – 7pm**

Where! **Landithy Main Hall, Madron**

Who For! **For You If You Love Madron
Parish – Everyone Welcome**

With the community's support your Parish Council can start the making of a Neighbourhood Development Plan that can help to manage development so that it meets the community's needs.

What do you want the Parish to look like in the future?

What is important that we need to protect?

Make sure your voice is heard!

Help us shape the Parish.

A June Parish meeting showed that the desire is there for Madron to have its own Development Plan. The next step is for the community to come together to help to create it. At this Start-Up Meeting we'll explain what such a plan can do and how it can be made, and we'll look for both community support and community volunteers to get the plan underway.

So come and tell us how you would like to help, and tell us what skills and experience you can offer!

This is a real opportunity to have an active say in the future of Madron Parish and we would like to know what you think.
